

**NEWSLETTER 18: SOCIOS
DIDACTIC MANUAL**

Dear partners,

This is a friendly reminder to send us the final version of the Didactic Manual as well as the annex/es **until 15th September 2006**.

As agreed at our Partners' Meeting in Santiago de Compostela in June, each partner has been asked to check the translation of the didactic manual and to adapt the content to the own country if necessary. We have also agreed to add one annex to the manual with links to our website www.e-cons.net as well as with links to interesting websites of the own country. Furthermore, each partner can additionally elaborate a second annex with more detailed information, examples, etc. if desired.#

Please send us your documents as soon as possible, until 15th September at the latest.#

##

Thank you very much in advance for your collaboration!#
