

E-CONS Network

Newsletter

Nº 1 Year I

FOR ALL PARTNERS

Good news! The European Commission has approved our project E-CONS NETWORK

On 1st October we started the activity on the Comenius 3 E-CONS Thematic network project, in which your organisation is participating.

It is important to contact the school centres who participate, have participated or are interested in participating in Consumer Education projects (Comenius 1 or others) so as to let them know of the existence of the E-CONS Thematic Network.

To help your organisation carry out this task easily we are pleased to send you the following documents:

- Sheet confirming your belonging to the Network and definition of the projects in which you participate.
- A document in English (which we recommend you translate into your own language) which gives information about the E-CONS Thematic network.
- A list of teachers from your country who have expressed their interest in participating in this project.
