

**NEWSLETTER 21 : SOCRATES NATIONAL AGENCIES  
SECOND EUROPEAN TEACHERS CONFERENCE**

Att: Comenius 3 coordinator

Dear coordinator:

As you already have been informed last month of May, the European School of Consumers of the Cantabria's Government, as coordinator of the E-CONS Network (Thematic Network Comenius 3 on Consumer Education), is organising the Second European Teachers Conference, that will be held on 26th, 27th and 28th October 2006 in Rome. The main aim of this Conference is the creation of new Comenius 1 projects.

We would be very pleased if we could have the participation of a person from your Agency, as a way to encourage teachers and show them the importance to participate in Consumers Education Comenius 1 projects, as well as your organisation could know the E-CONS work closely.

We will inform you soon by e-mail about the teachers participating from your country.

Please come to our web <http://www.e-cons.net> and see the conference's program to know how many teachers from your country are foreseen in it. We would like someone that wants to present his/her project idea. We would like to ask for your collaboration and help to propose and/or finance interested teachers. In case you can find one interested teacher and you don't have funds, we will try to get funds from other sources.

We are looking forward of hearing from you.
