

**NEWSLETTER 28 : PARTNERS  
NEW PROJECT PROPOSAL**

Dear partners,

The European School of Consumers is preparing a new project to be presented, on the name of the E-CONS NETWORK, to the call for proposals of the new Lifelong Learning Programme of the European Commission this year. This project corresponds to the transversal Key Activity 3: ICT and aims to develop, both on and outside its website, important useful tools for teacher training and family participation in education. The priority themes are citizenship and climate change, rights and obligations of the consumers, responsible consumption and eco-consumption. We will send you detailed information about this new project proposal within next days.

Thank you very much for your kind attention.
