On the other hand, the E-CONS Network coordinator, Nieves Álvarez Martín, sends you the following message:

Dear friends:

It is for me a motive of hapinnes to konw about your participation in the E-CONS Network Meeting and in the Contact Seminar which will be held in Sofia from the 9th to the 13th of next May.

I would also like to invite you to a recreational activity called "El amigo invisible" (the invisible friend) the 9th of May at 18:30, during the welcome cocktail. This activity consists on next: each participant will have ready a present (something simple, not expensive and of a great emotive value: something personal, a tipycal product, a book, something homemade, etc), and will give it to another participant of the Seminar. But the main rule is that the participant giving the present will not know to whom is giving it.

The activity will be as follow: each participant will bring the "present"; with the material of the meeting, an envelope will be given to you, with the details of the person to whom you have to give the present, and this present will be given during the welcome cocktail (*) or, where appropriate, in another moment.

Moreover, do not forget to bring information about your organization, your projects, your area. There will be some stands in the exhibition room where you will be able to place all this information as a complementary activity of the Meeting.

We will see you in Sofia. Best wishes.

Nieves Álvarez Martín.
Coordinator of the E-CONS Network

(*) Those who will be late for the cocktail, will be able to give their present the 10th of May, during the first coffee break
