

# Actions we've taken...

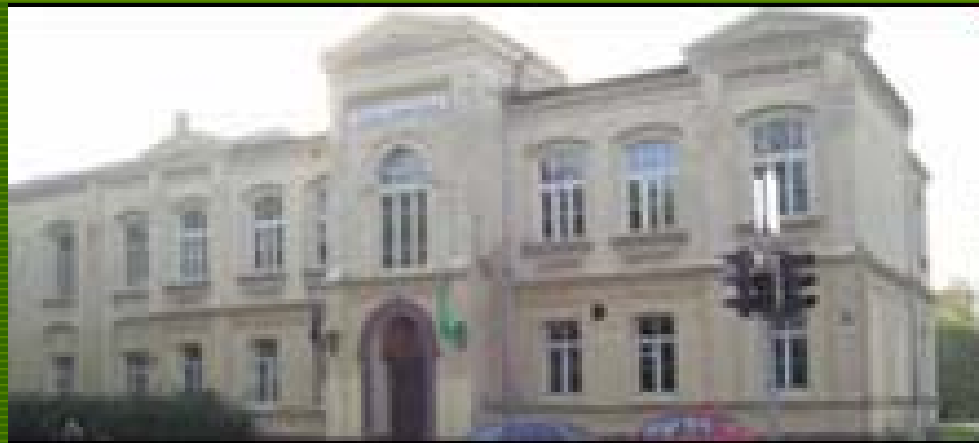

---

Mrs. Iveta Kravinska  
Sloka Elementary School  
Latvia  
2009

# School as a educational environment

---

- The school is located in Jurmala, Latvia. 340 students ages 7-16 attend the school, there are 35 teachers, 12 staff members. For 7 years the school has been involved in the Ecoschool programme under European Environmental Protection Fund and for the past 5 years has accepted the "Green Flag" – highest reward for accomplishments.

# Annual theme "Climate Change"

---

- Every year the school chooses an annual theme – this year it's "Climate Change"

Approaching global from local  
local from global

# Activities

---

- ❑ In the classes – geography, science, english, latvian, as well as primary school.
  - ❑ Out of classes – workshops, contests
  - ❑ Projects
  - ❑ Project week
  - ❑ Attracting finances
-

# Project “We and climate change”

---

- ❑ Idea → Action → Results
- ❑ The project went on step by step
- ❑ Financially supported by Latvian Environmental Protection Fund Administration

# Idea

---

- ❑ How to influence climate change by our actions?
  - ❑ A cloth bag for every student and staff member.
  - ❑ Personal advice for actions against climate change.
-

# Action and activities

---

- ❑ Designing the cloth bags
- ❑ Producing the cloth bags
- ❑ Advisory actions
- ❑ Quiz "Environmentally friendliest class"

# Results

---

- ❑ Each student and staff member received a cloth bag
  - ❑ Personal guidelines for reducing climate change
-

# Sustainability

---

- ❑ Cloth bags are still used up to this day
- ❑ The advices made for personal involvement endure

# Vision for a new project

---

- ❑ Our students are the future consumers
  - ❑ Saving both natural and financial resources is crucial
  - ❑ Implementation of ideas generated through discussion
  - ❑ Creation of an idea-network
-

Thank you for your attention!
