Please indicate your expectations regarding the meeting and the exchange of experiences:
Participating in discussions. Exchanging ideas, methods and research results. Further contacts and impressions. Inspiration for future projects and research.

Title of the **PROJECT**: **Advice is a Value**

Main subject of the project – Please select one of the following subjects:
 Energy Saving Responsible Consumption Climate Change Others

Summary of the project (maximum 5 lines):
By utilizing modern technology the aims of the project are to develop a set of advices and proposals that would educate on climate change. The project will also cover such areas as the effect of transportation and the pollution it produces due to intensification of volume of commute.

Observations/Remarks (maximum 5 lines):
Intense commute and transportation produces considerable amount of pollution and therefore a problem such as this must be addressed and people should be educated on the impact this creates. The project is closely associated with responsible consumption.
