I want to share our projects with college's and search for new idea's, work new projects out.

Title of the **PROJECT**:
'Klim op maat' naar een aangener klimaat ! (climb up to a better climate)

Main subject of the project – Please select one of the following subjects:
 Energy Saving Responsible Consumption Climate Change Others

Summary of the project (maximum 5 lines):
'Klim op maat' naar een aangener klimaat ! (climb up to a better climate)
We want to work out a project for all the children of our school (2,5 to 12 year old)
How can we help to save the world by working against the climate change?

Observations/Remarks (maximum 5 lines):
- It has to be very concrete. The children have to understand what they learn.
- If it is possible we want to implement responsible consumption.
