Main subject of the project – Please select one of the following subjects: <input checked="" type="checkbox"/> Energy Saving <input checked="" type="checkbox"/> Responsible Consumption <input type="checkbox"/> Climate Change <input type="checkbox"/> Others
Summary of the project (maximum 5 lines): We try to reduce the consumption of electric energy avoiding situations of improper use and rerouting the inadequate situations so that our pupils become aware of the main objective of the project. That way they are educated to be responsible persons and committed to respect the environment and to live bearing in mind the principles of sustainability.
Observations/Remarks (maximum 5 lines): Many thanks to the European School of Consumers for appreciating and supporting the work carried out in schools and particularly for disseminating it and allowing us to share experiences with other teachers.
