Please indicate whether you have experience in organizing and/or participating in projects:
During various school years, we have participated in different projects about consumer affairs coordinating those of Infantile Education.

Please indicate your expectations regarding the meeting and the exchange of experiences:
I would like to share experiences with other schools and collect ideas coming from other countries and schools in order to put into practice in our school those ideas which we consider important and adequate to the education principles of our school education project.

Title of the **PROJECT: FUNGIBLE MATERIAL? YOU DECIDE...**

Main subject of the project – Please select one of the following subjects:
 Energy Saving Responsible Consumption Climate Change Others

Summary of the project (maximum 5 lines):
We try to reduce the consumption of electric energy avoiding situations of improper use and rerouting the inadequate situations so that our pupils become aware of the main objective of the project. That way they are educated to be responsible persons and committed to respect the environment and to live bearing in mind the principles of sustainability.

Observations/Remarks (maximum 5 lines):
Due to our educative commitment in the subjects mentioned before, we are always open to share our experiences that could be useful for other schools and consequently, we are open to receive any information or advice to improve the development of our objectives to educate committed and responsible persons.
