Title of the **PROJECT**:

Main subject of the project – Please select one of the following subjects:
 Energy Saving **Responsible Consumption** Climate Change Others

Summary of the project (maximum 5 lines):
Taking into account the importance of the conservation of the environment, in the past, we have been working locally on projects related to consume and recycling for some time, but now we want to join forces to tackle, in a European context, the problems caused by irresponsible consume patterns and work out possible solutions and new sustainable behaviour patterns. Among other aspects, we want to study the use of free time, the use and consumption of natural resources and energy, the influence of advertising on consumption, the production and treatment of waste and to propose alternative and creative alternatives.
